Letter—from S. B. MURRAY, Esq., A.M.I.C.E., Superintending Engineer, II Circle.
To—the Chief Engineer for Irrigation.
Dated—Bezwada, the 10th May 1910.
No.—43 I.

I have the honour to forward for sanction of Government an estimate of Rs. 1,530 to meet the cost of running trials of the motor launch "Elephant" during the year 1909–1910.

2. We have no trained driver for the launch at Divi, and depend upon the Engineers of the pumping station to work her. The launch engines are very complicated, and frequent runs and trials are necessary to get the men accustomed to them.

3. This estimate was originally sanctioned by me as it is within my powers of sanction, but the Examiner requires Government sanction for the reason that the charge is of an unusual nature.

ENCLOSURE.
